

International Construction Project - SABA

MULTIPLE OPERATOR ROLES

3–4 month project | Option to extend

What you'll get

- Competitive net salary in USD (\$3,000 – \$3,500)
- Accommodation, meals & flights included
- 3–4 month project with possible extension
- International work experience in the Caribbean
- Safe & professional work environment

Role

You'll work on the Black Rocks Harbor Project in Saba, a major marine construction project involving dredging, concrete work, and land operations. As an operator, you'll handle heavy equipment safely and efficiently, contributing to one of the Caribbean's most exciting infrastructure projects.

Your profile

- Experience operating heavy machinery (excavator, crane, truck, or loader)
- Valid operator's license and relevant experience
- Safety-conscious and reliable
- Willing to work abroad for 3–4 months
- English-speaking and a team player
